Drug-induced Proarrhythmia and Torsade de Pointes: A Primer for Students and Practitioners of Medicine and Pharmacy

August 2018 – *The Journal of Clinical Pharmacology (JCP)*

Why is this article important to you?

Learners who complete the course will identify, describe and analyze key components in the background, current and future prospects on the evaluation of drug induced proarrhythmia and Torsade de Pointes.

ACPE Accreditation Statement

The American College of Clinical Pharmacology is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education.

UAN: 0238-0000-18-036-H05-P – ACPE 1 Contact Hours

Activity Type: Knowledge-based **Format:** Home-study **Target Audience:** 'P'

ACCME
ACCREDITED

ACCME Accreditation Statement

The American College of Clinical Pharmacology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

ACCME Designation Statement

The Accreditation Council for Continuing Medical Education designates this journal CE activity for 1 *AMA PRA Category 1™* credit. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Target Audience

Interprofessional team of Physicians, Pharmacists, PhDs, Nurse Practitioners and Physician Assistants.

Learning Objectives

After completing this activity, the learner will be able to:

- 1) Describe importance of the evaluation of drug induced proarrhythmia and Torsade de Pointes in drug development;
- 2) Discuss regulatory guidance on various methods to evaluate drug induced proarrhythmia and Torsade de Pointes in drug development;
- 3) Examine several research efforts on exploring alternative methods to predict potential proarrhythmic liability of drugs;
- 4) Interpret the prescribing information on proarrhythmic liability of drugs in conjunction with patient specific factors.

Requirements to Receive Credit

In order to receive CE credit, the learner must register for the educational activity, study the provided journal article, complete the online learning self-assessment (post-test), complete the online course evaluation and print the certificate.

Disclosures:

Article Selection: Joseph Bertino, PharmD, FCP, FCCP, Editor-in-Chief, JCP: Owner, Bertino Consulting Inc, has nothing to disclose.

Planner: Ayyappa Chaturvedula, PhD, Associate Professor, Univ of North Texas System Coll of Pharmacy, Dept of Pharmacology, developed the continuing education portion of this activity (target audience, goals and objectives and questions with solutions) and has nothing to disclose related to this educational topic.

CE Reviewer: Saddichha Sahoo, DPM, MD, FCP, Consultant Psychiatrist, Ipswich Hosp, Brisbane, Queensland Health, has nothing to disclose related to this educational topic.

Schedule & Fees

JCP monthly Journal CE articles are generally released on the 1st or 2nd Tuesday of each month. They are priced in packages of Jan - Dec for each year. Packages are available at no cost to ACCP Members and \$75/calendar year to Non-members. Once you register, you have access to all of the Journal CE articles for the calendar year.

Acknowledgement of Financial Support

No financial support was received for this educational activity.
